 I think that it would start with Bundy Ranch style confrontations around the country that quickly escalate into full blown French Revolution. People are mad about a lot of things.

There is how the Civil War Part Two will go. We will not get to French Rev. tho. The private army called 'the police' have the overwhelming advantage in ALL things. Was it Swallow {sic} who 'let the cat out of the bag' when he said he would nuke fire arms

OPPS! and F-15 by 'accident' fired a nuclear missile at the camp. Game over, no 'cops ' hurt, and the 'enemy' is french fried toast. Otherwise, it will be "Roger Stone Time" for all the Leading Trump-ites. For the rest, it will be a handy found crime, and POOF your gone. IF Biden takes office, in 03 years there will 74 million people dead or in Federal Jails.

▲ [LessAndLessIronic](#) 3 months ago +7 / -0

7 Nuke the gun owners? Not unless they plan to nuke half of suburbia. You really think they have the resources to murder 74 million? That's hilarious. They don't even have the resources to dispose of that many bodies, let alone make them.

The US has 1000 or so combat aircraft. That's one for every 74,000 gun owners for those keeping track. Roughly 6000 tanks. One for every 12,000 gun owners. That "private army of police"? 700,000. One for every 100.

The math just doesn't work. If they make the mistake of uniting us, they are fucked. Period.

There is no way anyone will be confirmed on Jan 6th. This will go on for many days. Each objection is a minimum 2 hour debate and there is some ambiguity on whether or not each elector can be objected to. If that is the case then you are looking at least 10 days of debate plus all the antics from the Democrats. (i.e. walking out of the chambers and sucking their thumbs in protest)

Trump would be so incredibly foolish if he was relying upon, non trained citizens who have seen no action, no formal training, are untested, aren't developed as a team, and have no cohesion to act as his sword.

Yes. These things MATTER. If you have no cohesion, people are confused. If you have no training, you're as likely to shoot the guy next to you as you are an enemy. You don't know how people act under extreme pressure like being fired upon. Most will freeze/lock up or flee. Very -VERY- few will stand their ground and even then, standing your ground isn't all that smart in all instances. In the military, you are taught - DAY ONE - that you need develop bonds with your platoon/squad/battle buddy. You need to be able to damn near read their fucking minds and you need to be able to trust them with upmost certainty, that they will protect you as you protect them. Because that's all that's between you and a shallow grave.

The fuck do you think the Revolutionary War was such a shit show before Valley Forge? Because the farmers didn't know how to fucking soldier.

3 I am no doomer, but why does this all feel eerily similar to the collapse of the Soviet Union? Anyone here from the former Soviet Union as it collapse care to draw comparisons? Am I off the mark?

2 The economic factors, the ideological division and power struggles, the corruption. The unrest in general coming to a head. A basic restructuring of a nuclear super power is what I am seeing, to put it in a few words.

3 Interesting perspective. I guess I see a fundamental difference in that the good fought to overthrow the USSR's system of government, whereas today the good fight to *preserve* the USA's system of government.

3 Will it thought? We've seen some rioting in cities but the vast majority of America has been peaceful, patriots are awake now and will be out in numbers. It's easy for a few Idiots to make a lot of noise, when millions stand up those idiots will be quiet

3 If shit is going to hit the fan regardless, then might as well be holding on to the levers of power when it happens.

3 I'm ready for anything that comes my way on the 6th and will be good and rested since I am arriving on the 4th about 60 miles out of D.C.. I think the time we get to the 6th they will be in retreat mode and we have watched for so long and taken so much we are itching

1 If Biden doesn't get in, which he won't, China threatened pelosi to spill the beans on them and rest of the DNC with all their fuckery and dirt they have on them. They are gonna crucify the Biden's and the rest of them and let the US DOJ handle it

1 That's not possible.

▼ Cats out the bag, they are all royally fucked. China knows this which is why they made public statements about exposing them if they don't get in via state tv
